

4.2.7 An AML/CTF program must require that the verification of information collected about a customer be based on:

- (1) reliable and independent documentation;
- (2) reliable and independent electronic data; or
- (3) a combination of (1) and (2) above.

4.2.8 An AML/CTF program must include appropriate risk-based systems and controls for the reporting entity to determine whether, in addition to the KYC information referred to in paragraph 4.2.6 above, any other KYC information
