

can determine whether it is reasonably satisfied about the matters referred to in subparagraphs 4.5.2(1) and (2).

Part 4.6 Applicable customer identification procedure with respect to associations

4.6.1 In so far as a reporting entity has any customer who is an incorporated or unincorporated association, an AML/CTF program must comply with the requirements specified in Part 4.6 of these Rules.

4.6.2 An AML/CTF program must include appropriate risk-based systems and controls that are designed to enable the reporting entity to be reasonably satisfied, where a customer notifies the reporting entity that it is an incorporated or unincorporated association, that:
