

can determine whether it is reasonably satisfied about the matters referred to in subparagraphs 4.5.2(1) and (2).

Part 4.6 Applicable customer identification procedure with respect to associations

- 4.6.1 In so far as a reporting entity has any customer who is an incorporated or unincorporated association, an AML/CTF program must comply with the requirements specified in Part 4.6 of these Rules.

- 4.6.2 An AML/CTF program must include appropriate risk-based systems and controls that are designed to enable the reporting entity to be reasonably satisfied, where a customer notifies the reporting entity that it is an incorporated or unincorporated association, that:
