

years.

- 4.2.14 For subparagraphs 4.2.13(2)(a) and (b), verification must be undertaken by the reporting entity through the use of reliable and independent electronic data from at least two separate data sources.

Part 4.3 Applicable customer identification procedure with respect to companies

- 4.3.1 In so far as a reporting entity has any customer who is a domestic or a foreign company, an AML/CTF program must comply with the requirements specified in Part 4.3 of these Rules.
- 4.3.2 An AML/CTF program must include appropriate risk-based systems and
