verify, at a minimum, the following KYC information about a customer:

(1)   the customer's full name; and

(2)   either:

   (a) the customer's date of birth; or

   (b) the customer's residential address.

4.2.7   An AML/CTF program must require that the verification of information
        collected about a customer be based on:
